Headteacher: Mr M Cadwallader

10th September 2015

Dear Parents and Guardians,

As part of the new English Curriculum for primary schools, Years 3-6 have statutory words that they are expected to learn throughout the year. These are words which are trickier and do not necessarily follow a specific spelling rule.

At the start of each half term a list of expected words for your child's year group will be sent out in addition to the weekly spellings which will continue to be given out.

At the bottom of this letter are the words that we would like you to practise with your child. Each child will be tested on these words before we break up for October half term.

Please help your child at home as much as possible. You may find that your child will already know how to spell some of these words and just need reminding.

Yours sincerely

V.N. Nevitt E. Jacks.
