The following link will direct you to THE WAITING ROOM. This is a site that will allow you access some of the confidential services on offer in Birmingham. It covers a wide range of services from family support to legal services to mental well- being. With an emphasis on self- prevention, The Waiting Room is split into 24 Life Domain key areas and by clicking on these you are instantly taken to a list of local and national websites and phone numbers that can be accessed for direct support and information.

I hope these links will be useful if you require support agencies, particularly at times when school is closed.
